Talasa Terra is a new residential development in Talasa Utopian Village, just a few metres from La Almadraba beach in El Vergel and a few kilometres from Denia. The first phase comprises 65 two- and three-bedroom homes. In line with Talasa Utopian Village's commitment to sustainability and energy efficiency, we have created a project dominated by semi-detached single-family homes. This residential concept offers an environment where communal spaces are available to all residents, while each home has its own private spaces, both indoors and outdoors, to enjoy every day. At Talasa Terra, the communal areas have a natural and welcoming feel. As you explore the different areas you will (Ask for More Details!)
