10,810m²

An exceptional three-bedroom country estate with panoramic mountain views, 10,810m² of land and one of the finest technical specifications we have seen in the Orba Valley. There are houses that look beautiful in photographs. And then there are houses that make you stop when you arrive. This is one of them. Set among orange and mandarin groves, with uninterrupted views towards the dramatic mountains of the Orba Valley, this exceptional contemporary villa offers something increasingly difficult to find on the Costa Blanca: genuine privacy, space and tranquillity, without sacrificing comfort, convenience or modern luxury.
